

# THE FUTURE IS IN OUR HANDS

## OUR FOOD MATTERS

Any remaining food from this event will be donated to Mission Arlington.

Mission Arlington is a local non-profit organization with the mission to make sure no one in Arlington goes hungry.

## THEIR MESSAGE

“We see people every day who don’t have enough food for their family. It is our conviction and heart that no one should have to be hungry in our community.

Because you provide, we can give.

We provide food six days a week, to families in need – and any other time we are here when there is an emergency. We provide each family enough food to last between 3 to 5 days, based on their family size. Your gift of food makes such a difference.”
