OUR COMPANY

# OUR COMPANY

We create intelligent mobile F&B equipment and banquet furniture for the luxury hospitality industry. As the originator of the patented one-step folding technology, DESON has pioneered the field of intelligent modular design and continues to reinvent what it means to provide excellent F&B service.

Our goal is to expand and become the leading service provider of smart modular design solutions for commercial spaces worldwide.

OUR CUSTOMERS

Our products can be found in all the most iconic luxury hotels, as well as convention and exhibition centers around the world. From island resorts in South East Asia and the Caribbean to royal palace hotels in the Middle East, from business hotels in Europe to the United States, we are your premiere choice when it comes to high-end hospitality equipment and furniture.

# OUR CUSTOMERS

## OUR FOUNDERS

As a member of WEConnect International, we are proud to be a certified Women's Business Enterprise that creates and advocates for equal opportunity in the global business environment. Meet our founders, Belinca Li and Maggie Zhao.

With more than ten years of executive experience at WMF, the German world leader in kitchen and tableware, Belinca always pursues the highest product and service quality standards down to the smallest detail. Maggie is a creative mind with a background in design. Her philosophy of finding beauty in simplicity guides the minimalist aesthetic that is reflected in every aspect of our products.

These two perspectives make up the foundation of our work. With our customers' needs in mind, we combine form and functionality to create beautifully designed products that are lightweight, efficient, flexible, durable and innovative.

## OUR FACTORIES

At DESON, innovation is not limited to our design concepts. In a combined area of 18,000m<sup>2</sup>, our comprehensively trained workforce operates the latest production technology to turn unique ideas into exclusive products. Using sustainably sourced raw materials we precisely manufacture flawless hospitality equipment that is then carefully inspected, stored and shipped. Our knowledgeable sales team will guide you through the whole purchasing process and help you with delivery, installation and training to ensure that you get the most out of your products. From the initial design of our customized products to a comprehensive after-sales service, we pay attention to detail and quality control at every step along the way to provide you with products that are second to none.

# OUR FACTORIES

## INSPIRATION & ENJOYMENT

Driven by a deep-rooted wish to bring a unique luxury experience to our customers as well as their guests, we have made it our mission to embed a feeling of Inspiration & Enjoyment into the design of all our products.

Live Cooking is the perfect way to reach this goal. Exciting and engaging, our cooking stations will help you break down walls and forge meaningful connections with each individual guest. A wide range of freely combinable modular equipment offers endless possibilities, inspiring chefs and other F&B professionals to push their creative boundaries.

# INSPIRATION & ENJOYMENT

# CORPORATE SUSTAINABILITY

The future of hospitality goes hand in hand with the future of the world. We at DESON are committed to inspire change through our actions. Sustainable sourcing of recyclable and eco-friendly raw materials, a positive and safe working environment in both our factories and offices and products that are made to last – those are just a few ways in which we take responsibility and work towards our sustainability goals. We strive towards creating durable products that can meet the needs of today without compromising the needs of tomorrow.

## DESIGN EVOLUTION –THE FOLDABLE LINE

### 2011 Foldable Line 1

In 2011, DESON developed the first generation of its foldable modular buffet station. This new approach to F&B service disrupted the established market for traditionally bulky and rigid buffet furniture used in the luxury hospitality industry and created a global trend towards more intelligent and flexible F&B service.

### 2013 Foldable Line 2

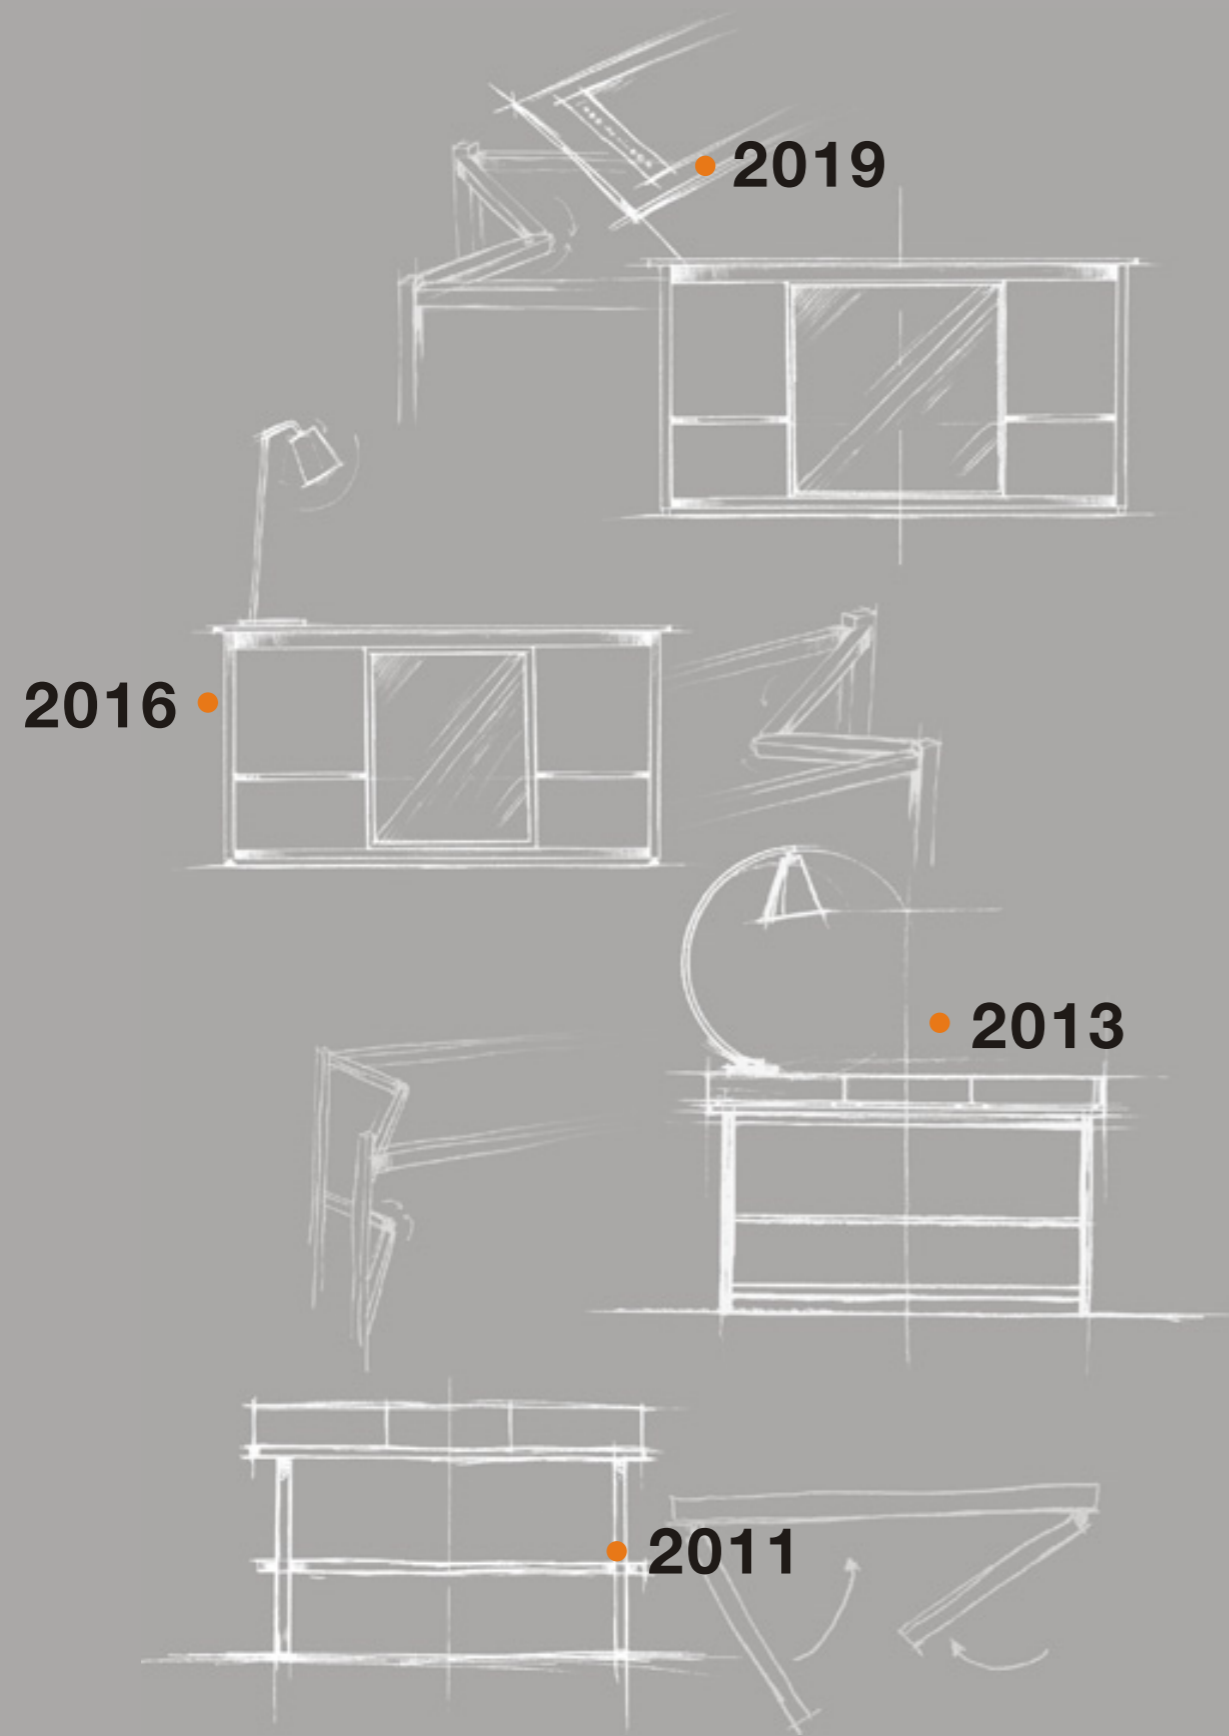

Featuring our innovative one-step folding technology, the second generation of our foldable buffet stations set new standards for F&B equipment mobility. The unprecedented variety and flexibility of freely interchangeable tabletop modules opened the door for more possibilities than ever before.

### 2016 Foldable Line 3

In 2016, the third generation of the Foldable Line was introduced to the market. Even lighter and thinner modules, a sturdier folding frame and an invisible power cord hidden within the frame structure enable our customers to reach new heights.

### 2019 Foldable Line 3 Pro

We continually work on further innovating the Foldable Line 3 to increase amenities and stability for the user. This year, DESON will introduce a new upgraded line of modules with a beautifully integrated design and an even higher level of usability.

# CASE STUDIES

**DESON** was delighted to be a part of such an inspiring week in San Diego for the Hyatt Global Summit 2019! Bringing together 850 Hyatt GM's and Hyatt executives from around the world, DESON was honored to be chosen as the sponsored supplier for all the food and beverage equipment for this prestigious event. Showcasing our foldable buffet tables with interchangeable top inserts, DESON greatly accepted the chance to present our modular system to those in attendance. Hyatt senior leaders were able to witness first-hand how the modular system allows for diversity and flexibility when hosting any event. We would like to extend a huge Thank You to Hyatt for being such a dynamic company and wanting to bring innovation and inspiration to their future Food & Beverage concepts, which really makes the guest experience one of a kind.
