THE CLASSIC BOSTON EXPERIENCE

A walk along the Back Bay neighborhood in which Hynes Convention Center resides is like strolling back through chapters of time. It's laden with meaning, historical importance, and an undeniably brilliant sense of independence. Much like the neighborhood, the dining experience at Hynes is studded with regional classics and exciting interpretations of iconic fare. Each dish tells a story, from acting as a chronicle of culinary creativity through the years to honoring the local farmers and businesses who provide the ingredients for the dishes. The food speaks for itself, much like the neighborhood's awe-inspiring scenery and design.
