

Levy

BEVERAGE PROGRAM GUIDE

2023 - 2024

WE ARE **LEVY.**

Levy is the leader in Sports and Entertainment dining. We proudly provide the fuel to guests at over 250 destinations across North America. We strive to create a world-class beverage experience just as unique as the venues themselves.

Levy will always serve the favorites but we also pride ourselves on our heritage of innovation. We aim to offer items that create memories and “wow” moments that leave an everlasting impression on our guests.

In this program guide you will find our FY 2023 - FY 2024 Core Beverage product mandates. We understand that all locations have their own unique needs and we are committed to working with our teams to identify the right mix of products for each of our properties.

Our goal is to provide a quality mix of diverse offerings at each of our properties which resonates with our guests and contributes to creating memorable experiences. We encourage our teams to check the beverage portal on Levy Dish for training resources, Core Signatures and a curated library of cocktail recipes.

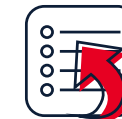

For all Core Beverage questions please reach out to the Levy beverage team at beverage@levyrestaurants.com

BEER

BEER

Our Core Mandate Lists are curated by carefully examining national and local trend data to select products that fit our core demographics and business model.

We strive for a balanced offering of beers with broad appeal while providing room for individuality and variety through local and regional favorites.

We work closely with our E15 analytics groups to create a list of beers that are indexing highly within the market. There are also beers highlighted for the brand's efforts in sustainability, a very valuable benefit for a Levy beverage partner.

This list of company-wide mandated products must be present within every venue, unless a Beverage Exception Request has been submitted and approved.

RTD

RTD

We are pleased to present the following lineup of recommended ready-to-drink beverages from our Core Beverage supplier partners. Ready to Drink cocktails continue to index highly and are efficient options to consider including into your venue's beverage programming.

The following options offer high quality, variety, availability and can be a top volume driver in concessions, premium, retail and hawker programs.

Please contact your local distributor representative for product samples and pricing, or reach out to beverage@levyrestaurants.com for more information.

SPIRITS

SPIRITS

We have identified a list of deluxe and premium house pours in conjunction with a list of Core Menu items that are to be carried in all Levy venues.

We strive for a mix of high quality, trusted brands while incorporating on-trend brands experiencing strong growth to stay in tune with our guests' ever-changing tastes. In addition to the trends, we have prioritized Levy's values and identified sustainable and DEI spirit brands with great quality.

In venues with sponsorship requirements, before submitting a Beverage Exception Request we ask that we still attempt to incorporate these products into our overall programming in other areas while staying respectful to local partnerships.

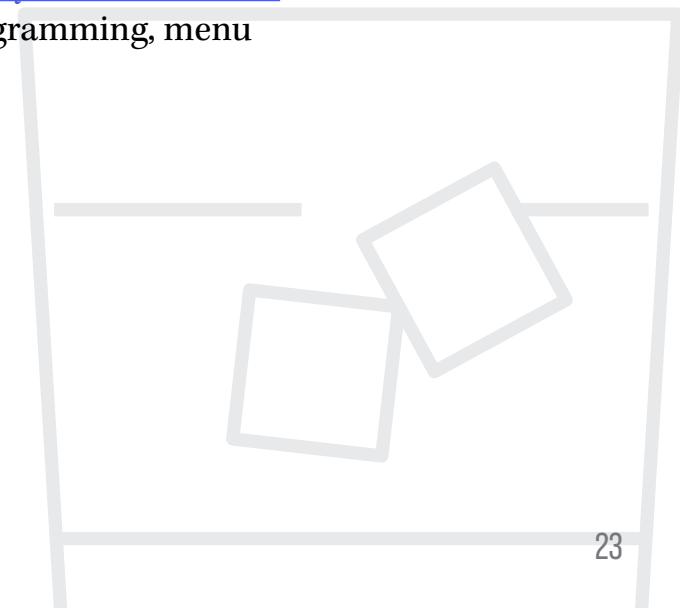

Please reach out to beverage@levyrestaurants.com for more information about programming, menu and activation opportunities.

WINE

WINE

In this year's Core Beverage Program our wine mandates represent labels that our guests recognize and trust alongside emerging brands whose popularity is on the rise.

This is a list of company-wide mandated products that must be present within every venue, including Premium outlets, unless a Beverage Exception Request has been submitted and approved.

We have ensured a broader mix of sustainable, organic, women owned and DEI wine selections are represented on the FY 2023-2024 Core beverage program. In addition to the core items that need to be carried unless an exception is requested, we have added *recommended* wines which will allow for the ability to be more creative when applicable or needed and to be more inclusive and diverse.

APPROVED ALL-INCLUSIVE WINE SELECTIONS

If your venue has all-inclusive spaces requiring a higher tier of product than our house pours, this program should be implemented. Da Vinci, Josh, and Murphy Goode are incorporated from the suites menu based on cost, however Sea Sun, Wither Hills, and Athena should NOT be included on suites menus. They are intended only for use in all-inclusive spaces. On average, a 5-ounce glass of wine will cost about \$1.70.

Varietal	Brand	Supplier	NAP

NON-ALC

NON-ALC

This list of company-wide mandated Non-Alcoholic mixers that must be present within every venue, unless a Beverage Exception Request has been submitted and approved.

Our Core Mandate Lists are curated by carefully examining national and local trend data to select products that fit our core demographics and business model.

When determining these partnerships we factor in market share, consumer preference, product quality, brand exposure, and volume of business to arrive at a set of offerings that supports high quality and efficient beverage offerings at all of our venues.

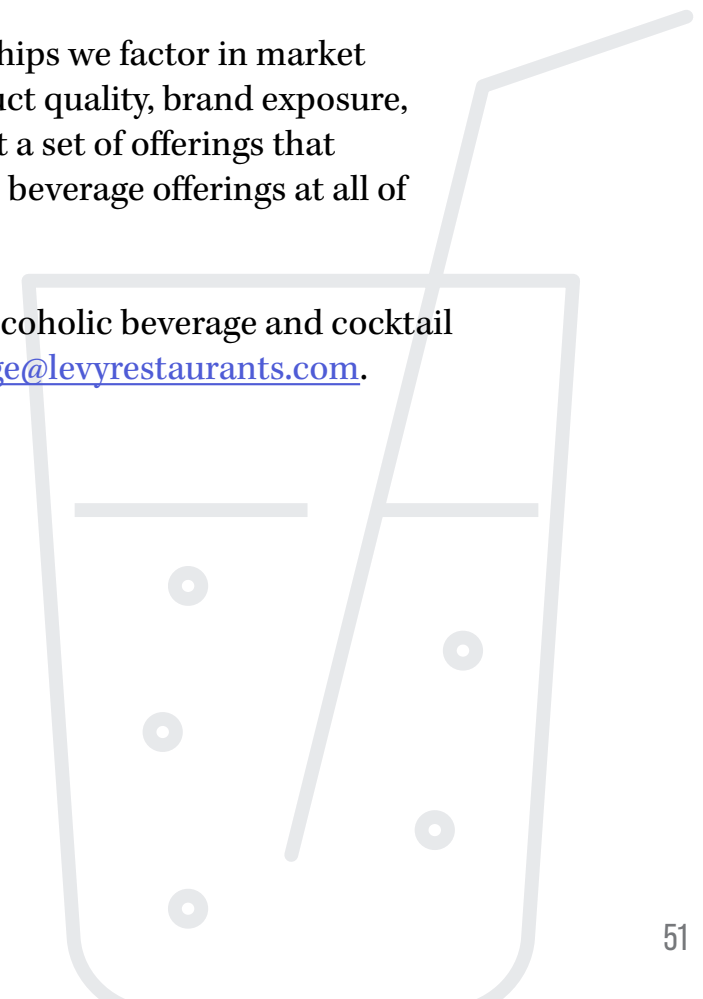

For all questions related to Non-Alcoholic beverage and cocktail mixers please reach out to beverage@levyrestaurants.com.
